The first public screenings of films at which admission was charged were made in 1895 by the American Woodville Latham and his sons, using films produced by their Eidoloscope company,2 and by the – arguably better known – French brothers Auguste and Louis Lumière with ten of their own productions.citation needed Private screenings had preceded these by several months, with Lathams slightly predating the Lumière brothers.citation needed

The opening March weekend saw a dramatically lower box office than the same weekend in 2019. The 2019 opening March weekend saw the release of Captain Marvel, which alone earned over US3 million domestically that weekend, compared to the 2020 weekends biggest film, Onward, with around US million.2122 The next weekend saw the lowest total US box office intake since the October 30–November 1, 1998 weekend, with lower percentage drops than the weekend after 911, at US.3 million.3 Onward itself saw the biggest weekend-to-weekend drop of any Pixar film, making .5 million, though was still the weekends biggest film and the only one to make over million.3 On March 19, Walt Disney Studios and Universal Pictures announced that they would no longer report box office figures.23 Comscore therefore announced the next day that it would indefinitely suspend its reporting of box office estimates and charts.24 On March 26, 2020, after local transmission of the virus had dropped to 0% in China, movie theaters there began to re-open, with reports that 250–500 theaters were opening, but the next day authorities again closed all movie theaters in the country.2526
